Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for Stanislaus County, has received and approved a Report of Facility Information (RFI) Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c). This public notice was prepared pursuant to Title 27 CCR 21660.1.

Project Description

Bertolotti Transfer Station and Recycling Center is an existing large volume transfer/processing facility operating under a full Solid Waste Facilities Permit issued on October 24, 2011. The application package to amend the RFI requests the following change: include an update to the vehicle circulation description and traffic flow map.

The EA finds that the proposed change is consistent with all applicable certified and/or adopted California Environmental Quality Act (CEQA) documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current Solid Waste Facilities Permit.
